BARBADOS 2025 - PROJECTS

If you have a bold vision requiring a capital investment of over US\$1 million, this is your opportunity to gain attention. Join the Movement in Thriving Sectors

- **Sustainable Agriculture: Revolutionise how we grow and consume food!** We seek innovative projects championing eco-friendly practices, enhancing food security, and empowering local farmers with cutting-edge solutions. Whether through organic farming techniques or advanced irrigation systems, your project could pave the way for a more sustainable food supply chain.
- **Green Economy Transition: Be a catalyst for change!** Share your initiatives that support the transition to a greener economy by reducing carbon footprints, harnessing renewable energy, and fostering sustainable business practices. From developing green technologies to implementing community-based recycling programs, your efforts can drive significant environmental benefits and economic growth.
- **Digitalisation of Business: Step into the future!** We seek visionary projects that seamlessly integrate digital technologies into business operations, enhancing efficiency, enriching customer experiences, and fueling economic growth. From e-commerce platforms to digital marketing strategies, your project can empower local businesses to thrive in an increasingly digital world.

Why Seize This Opportunity?

- Innovators and entrepreneurs with projects requiring over US\$1 million in capital investment.
- Teams ready to showcase their potential for national or regional impact.
- Visionaries passionate about sustainable development, economic advancement, and social change.
- Organisations, and established businesses with a clear mission and a track record of delivering results.

**NB Only projects being implemented in CARIFORUM Member States are eligible.*

How to Get Involved?

1. Download and complete the Expression of Interest form below no later than March 15, 2025.
2. Please submit your dynamic proposal and the following supporting documents by May 30, 2025, at 4:30 pm AST.

Elements of the Full Proposal

- **Project Proposal:** A detailed description of your project, including objectives, strategies, target audience, and expected outcomes. Clearly outline how your project aligns with one or more specified sectors and its unique value.
- **Budget Outline:** A comprehensive budget detailing capital investment and fund allocation. Include details on how funds will be used, potential revenue streams or cost-saving measures.
- **Three-Year Financial Projections:** Provide detailed financial projections for the next three years. Include revenue forecasts, anticipated expenses, profit margins, and any assumptions made in your projections. This will help us understand your project's financial viability and sustainability.
- **Timeline:** An estimated timeline for project implementation and key milestones. Highlight critical phases and deliverables to demonstrate your project's roadmap to success.
- **Team Profile:** Brief bios of key team members, highlighting their expertise and roles in the project. Showcase your team's unique skills and experiences that position you for success.
- **Impact Assessment:** A description of the national or regional impact that will be created, supported by metrics for measuring success and the potential social, economic, and environmental benefits of your project.
- **Feasibility Study:** A thorough feasibility study assessing the viability of your project.

This should include market analysis, risk factors, potential challenges, and strategies for overcoming obstacles. Demonstrating the feasibility of your project is crucial for securing support.

Don't miss this opportunity to lead innovation, sustainability, and societal impact. Please submit your proposal today and join us in creating a brighter, more sustainable Caribbean future.

MAY THE FORCE BE WITH YOU
